

MED DESIRE

the sun for you.

MED-DESIRE (MEDiterranean DEvelopment of Support schemes for solar Initiatives and Renewable Energies) is a 35-months long strategic project co-funded by the European Union through the **ENPI CBC MED Programme 2007-2013** for an amount of 4.192.000 Euro, aimed at **spreading energy efficiency, and in particular, solar energy across the Mediterranean area through the definition of innovative financial schemes and market stimulation tools.**

The project will facilitate the take up of distributed solar energy and energy efficiency in the target regions, by achieving an **effective cross-border cooperation and by raising public awareness** on the related benefits for the environment and for sustainable local development.

MED-DESIRE is implemented by a consortium of nine partners from five countries (Egypt, Italy, Lebanon, Spain and Tunisia), leaded by Puglia Region – Economic Development Regional Ministry - Industrial Research and Innovation Department.
